

## Social Distancing Barriers for Offices and Workplaces

### MergeWorks Can Customize Size, Shape & Options to Meet Your Specs

#### Desk and Counter Top Barriers

Safeguard everyone in your workplace with acrylic sneeze guards and barriers. Both permanent and removable/no installation required products available. Divider panels on free standing feet can be moved as needed to provide a barrier and separation on desks or worksurface areas. Or order with mechanical attachments to give a more permanent installation. Acrylic and Whiteboard is easy to clean and disinfect.

#### Mobile and Free-Standing Room Dividers & Separators

An immediately available solution to divide large rooms into private and separate areas. Mobile and free-standing screens made with acrylic and whiteboard material are easily cleaned and disinfected and can be moved to use wherever needed. Screens can be hinged together to create walls, hallways, private areas, and rooms without incurring costly construction. All screens are shipped fully assembled for immediate use.

#### Barrier Screens
